Second fire exit for Haydee's Restaurant

ANC 1D advises the DC Department of Consumer and Regulatory Affairs that 1D has no objection to, and indeed supports the plan by Haydee's Restaurant for a second fire exit through the current second door on the north side of the property.

Next, 1D advises DCRA to consider that this addition satisfies all fire exit safety requirements.

Further, 1D advises DCRA to approve the proposal for higher capacity.

Why: Since there is already a penetration for an exit, the change will not impinge on the historic appearance of the façade.

The second exit is sufficiently far from the current fire exit so that if one is blocked, the other will likely be available.

The attached plans appear to be in good order.

Passed by 5 to 1 vote at the legally noticed, public meeting of ANCID on May 18, 2010, with a quorum present. Voting "yes": Commissioners Edwards, Scott, Bosserman, Tunda, Lepanto. Voting "no": Commissioner McKay.
